- Workshops
- Parties

Performance

Choreographed Stage Performance

As a headline or support act you cannot beat the impact of a choreographed fire performance. Five skilled fire artists will perform a 7 or 15 minute fire show that is guaranteed to dazzle your audience. The shows are fully choreographed to music and lights, with the options of a fire pyrotechnic system in the background for an added bang. The performances showcase all of our most talented artists, showing off all their skills in poi, staff, juggling, body burning and fire eating. The choreographed shows are suitable for both inside and outdoor stages and can be tailored to meet specific needs upon request.

Freestyle Performance

Free style performances can last anywhere from 15 minutes to the entire length of your event. They provide a lively and energetic source of entertainment, with skilled artists performing to the music of your choice.

Free style performances allow for great interaction with the audience, tailoring the act to the desires of the watching crowds. The performances can be tailored to meet the needs of any occasion. This is a favourite for people wanting to make a grand entrance to a venue with performers either side of the doors.

Walkabout Performance

This style of performance is perfect for night clubs, allowing our performers to move in and round your venue, amongst the crowds, or up on podiums.

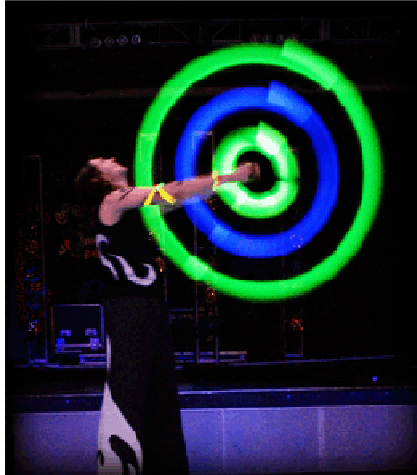

With walkabout performances, the crowd become part of the act, with our performers engaging 1on1 with each of your guests.

Free style performances use glowing equipment at night, although fire walkabout performances may be available in certain circumstances.

Costumes & Themes

All of our performances can be fully customised and themed to meet the needs of your event. We have a number of set themes, such as Fire & Ice, Heaven & Hell and UV clubbing. If we don't already have a costume set for your theme, we will be more than happy to make one

Glow Performance

Whether fire performance isn't suitable for your venue, or you are just looking for a different theme for your event, our glow performers are guaranteed to wow any crowd.

Using a wide range of equipment, our glow performers are able to paint vivid shapes and pictures in the air with light. They are a perfect accompaniment for any clubbing night.

Glow does has one advantage over fire, it allows our performers to move in and amongst the guests at your events, performing up close and personal and involving the guests as part of the act.

Our glow performances are compatible with any of our standard themes, and can be incorporated into any custom costumes upon request.

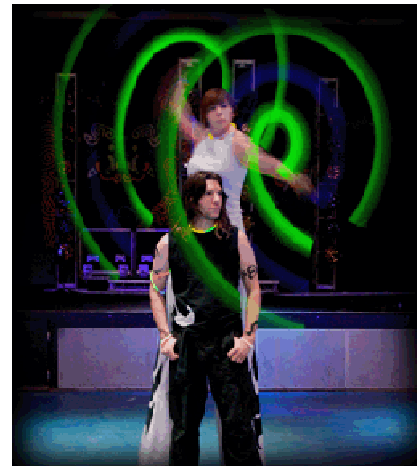

Promotion

Promote your event in style with our company stilt walkers and performers, fully insured with the £10 million public liability insurance most council's require for performance in town centres, why not add a spark to your advertising campaign with the our promotion team.

Stilt Walkers

Stilt walkers are a fantastic way to make your event a little different. Stilt walkers can be hired as part of any of the packages above, or by themselves. They are great for helping theme individual events, or for giving people that little surprise at a summer ball, or club night.

What better way to grab people's attention than by having a 10 foot stilt walker in costume to match your campaign, talking with members of the public and handing out your flyers.

Promotion Squad

If you're looking for more oomph in your advertising campaign why not get our promotion squad involved. Nothing says "Look over here!" like a giant ball of fire erupting from the centre of the town square. On their own, or combine with stilt walkers our promotion squad will help your advertising campaign stand out from the rest.

Grinders

A high Impact visual show, where our expert team of performers use live power tools to shoot sparks from their bodies into the air. Perfect as a standalone performance, or as part of one of our bigger shows, this act will certainly get the crowds going.

This act is perfectly safe, and involves no fire, it can be performed indoors or outside and is available in a wide range of performance costumes.
