

Freddie

DYNAMIC SOUL VOCALIST

Freddie is fast becoming a rising star on the entertainment circuit.

His distinctive and unique vocal sound and song-style, a mixture of classic soul and R&B with a twist of gospel, could be (and has been) described as Motown for the 21st century. Listing influences including soul greats such as Aretha Franklin, Whitney Houston and Luther Vandross, Freddie represents a new wave of honest, genuine and openhearted soul performers. His performances have been described as exciting and entertaining, with a good choice of popular songs and audience participation.

As a songwriter, Freddie's songs have all the qualities of the greatest soul music, providing soundtrack to seduction and musical therapy for the broken-hearted in equal measures. It has often been said that his studio recordings do not do his live performances any justice! In Freddie Mensah, true soul has a new star!
