

Declan

Karaoke Singer/Presenter

About Me

I have always done a bit of singing and like everybody else I have done karaoke at bars here and there. I started getting into it more seriously when a local pub wanted their own system and asked me to help sourcing it as I tended to spend a lot of time on the computer.

From there I started running their Karaoke nights and "Learned the trade" as they say.

Fast forward a few years and I had invested in good quality PA system, over 4,000 songs from Abba to ZZ Top with everything in between old and modern. I expanded out into Karaoke disco as people wanted a mix and so now can offer Karaoke, disco or a range in between. I have a good light rig that can be supplied with the discos to make the evening special.

Size-wise, private parties 20 people upwards, local pubs with 70 to 300 people, corporate events needing major PA systems and lighting rigs for 5,000 people, I can cover it. Big or small.

Karaoke

I have about 4,000 songs. I could have more but if I hand you a book with 10,000 songs the singers spend more time reading the book than singing. (This is a fact) It is important to keep the balance and get the people up singing, that is what the whole point about karaoke after all. It is a bit like going to a restaurant with a huge menu, where do you start, it is just brain overload. I keep the amount of songs to a good selection and have a great range to cover a broad spectrum so you and your friends will have no problems finding something to sing.

I enjoy Karaoke, I enjoy going out to different venues meeting up with people who want to sing. Then when you get invited back and meet up with those people again, its great. You have people who are fantastic singers who can blow you away to those who can, ahem , best be described as enthusiastic. But it doesn't matter, everybody has come to have a good evening. To use an Irish expression, "I like the craic" and getting a rapport with the audience is very important to me,

I am aware that this is your time and I am there to facilitate it. Sure I could hide behind my kit and leave it to you but, I would get bored and so would you. So I am going to be out there with you, encouraging people to come up and sing.
