

Motown Diva

Motown Diva is a London-based singer who has performed at Shepherd's Bush Empire, Hyde Park and many other venues in the UK - as well as singing live in New York and Los Angeles.

Motown Diva has performed at gigs supporting stars such as Paul Young and Tony Hadley and has entertained at weddings and corporate functions in front of audiences as large as 15,000 people. She also performs in a live jazz trio.

Motown Diva spent eight years living in the United States, where she began working with one of the world's top vocal coaches, Seth Riggs (Stevie Wonder, Natalie Cole and the late Luther Vandross are among his many star pupils). She has continued this relationship with Seth and his team of coaches - indeed, she will be returning to Los Angeles this summer 2009 to spend a further ten days working with them.

She sings with true passion and feeling - she can give people goosebumps and a great time all at once. She can be soulful, sultry or sassy, depending on what she's singing and each of her shows features some of the most fantastic music ever written.

Motown Diva is a classy, high-energy solo show that showcases some of Motown's best-loved material. Featuring all time greats from your favourite Motown artists such as Stevie Wonder, Diana Ross and the Supremes, The Temptations and Martha Reeves and the Vandellas, this show is designed to get you on the dance floor and keep you there!

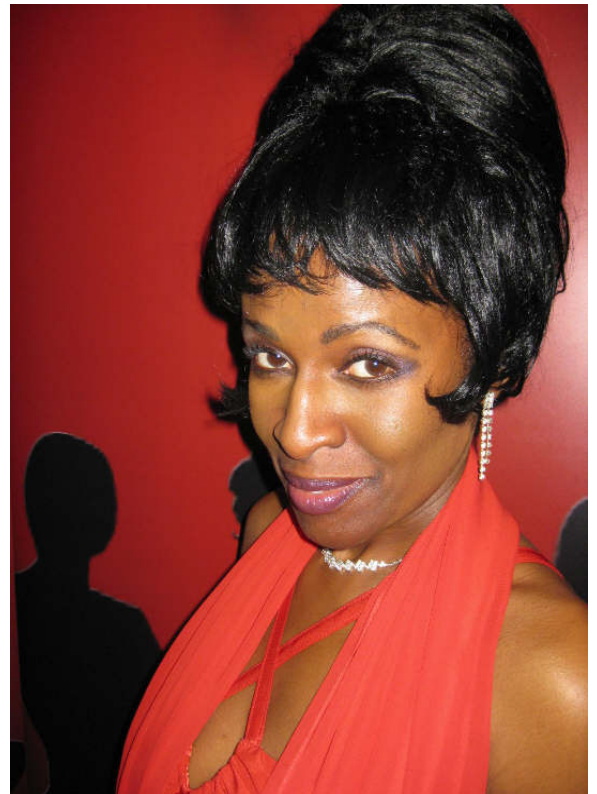

Motown Diva provides all the grace, glitz and glamour required to be a true diva. She takes to the stage wearing beautiful custom-designed evening gowns and truly looks the part with her graceful silhouette, lovely smile, beehive hairdo and diamante jewellery.

Her vocals have been described as sounding like "chocolate soul". She has a powerful, smooth yet expressive voice which attracts positive feedback wherever she sings. With a warm, inviting stage presence and charming persona, it's hard not to be enthralled by her performance.

A favourite part of the show is when she invites two of the audience up on stage to be "The Supremes". With their own microphones and tambourines, she runs through a dance routine with them before the "backing singers" perform a song with her, much to the delight of everyone watching.

Motown Diva is a unique experience. Comprising stage lighting, a custom designed backdrop and of course, the wonderful music of Motown, it's a show not to be missed!

Motown Diva package comes complete with a sound engineer/stage management and is a one-stop solution for any corporate event, wedding or party.)
